## Data Reading, Cleaning, Simple Analysis

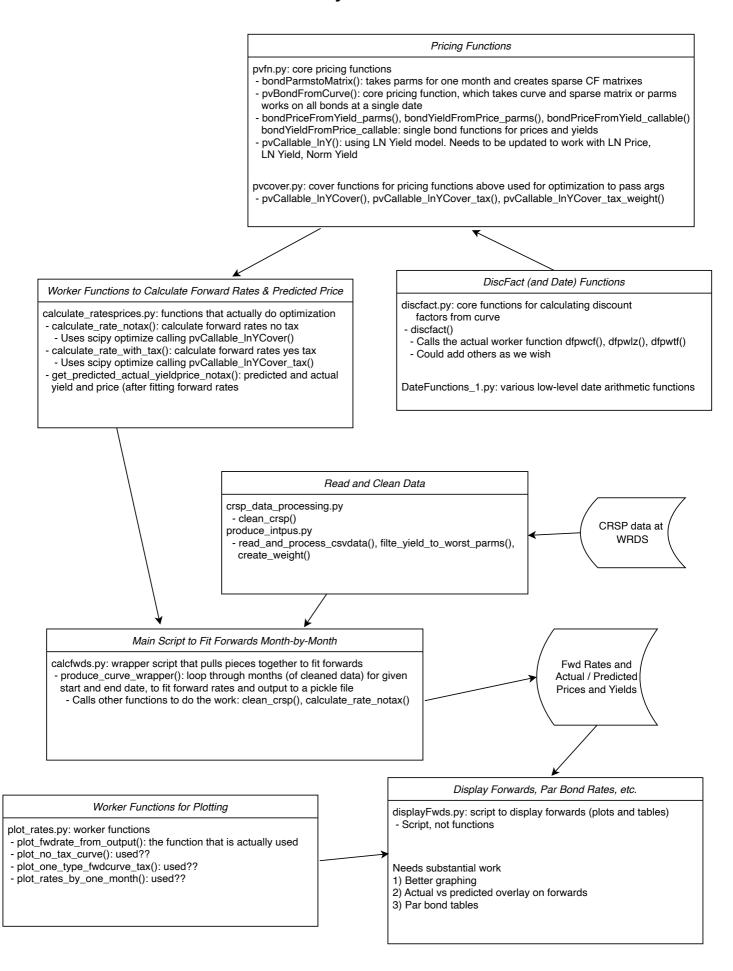

- 3. Save fitted forward rates and actual/predicted to a pickle file
- 4. Graphing forward rates for analysis
- 5. Creating par bond and zero rate tables

## Future development:

- 1. Curve DV01 calculations
- 2. Monthly duration
- 3. Monthly bond equivalent holdings to represent maturity structure
- 4. Returns and synthetic returns

## **Overall UST Project**
